A GUIDE FOR EVERYONE

Digital Literacy

Navigating the modern world with confidence, care, and curiosity.

01 What is Digital Literacy?

FOUNDATION

Digital literacy is the ability to **confidently find, evaluate, and communicate** information using modern digital technologies. It goes beyond basic computer skills — combining practical knowledge with critical thinking, online safety, and responsible digital citizenship.

Critical Thinking · Online Safety · Digital Citizenship · Lifelong Learning

02 Useful Digital Tools

FOR STUDENTS

Knowing *which* tool to reach for is half the battle. The right digital companion can free your mind for the thinking that actually matters.

📁

Google Drive & Notion

✍️

Grammarly & Canva

Organise schedules, collaborate on projects, and store files securely — all in one place.

Elevate the quality of written work and create visually polished assignments with ease.

AI Assistants

Streamline research, simplify complex topics, and accelerate learning — thoughtfully.

Focus & Flow

Use calendar apps and Pomodoro timers to protect your attention and build study rhythms.

STAY PROTECTED

03 Safe Internet Practices

Practising good habits online is like locking your front door — you don't need to be afraid, just intentional.

Use **strong, unique passwords** and enable two-factor authentication on every account. Never click suspicious links or open attachments from unknown senders. Keep your **software and apps updated** to patch security vulnerabilities. Regularly review the **privacy settings** on your profiles to control your digital footprint.

COMMUNICATION

04 Email Etiquette

A well-crafted email leaves a lasting impression. Four small habits make all the difference.

1 **Clear Subject Line**

Start with a specific, honest subject so the recipient immediately knows

what they're opening.

2 **Professional Greeting**
Address the reader by name and set a respectful, warm tone from the very first line.

3 **Concise, Focused Body**
Keep your message short and purposeful — make it easy for the reader to understand your main point at a glance.

4 **Proofread & Sign Off**
Check for errors, confirm any attachments are included, and close with a courteous sign-off.

"The goal is not to be online more — it's to be online **better***."*
